## **Program 3:**

Assume that there are 3 floors and there are 4 rooms in each floor. Design the vacuum cleaner to ensure the rooms are clean. You may make suitable assumption for initial state.

## **Code:**

```
# Given M x N grid(floor) create an agent that moves around the grid until the entire grid is clean
floor = [[1, 0, 0, 0], # '1' represents dirty and '0' represents clean
        [0, 1, 0, 1],
        [1, 0, 1, 1]]
def clean(floor):
   m = len(floor[0]) # no of cols
   n = len(floor) # no of rows
   no_of_tiles = m * n
   tiles_checked = 0
   col = 0
    while tiles_checked < no_of_tiles:</pre>
       # Current position
       print_floor(floor, row, col)
       # Suck if dirty
       if floor[row][col] == 1:
           floor[row][col] = 0
           print('Sucked the dirt')
           print('Already Clean')
                                 # Even rows the bot moves right to the next tile
       if row % 2 == 0:
```

```
# Next tile
                            # Even rows the bot moves right to the next tile
       if row % 2 == 0:
          if col < m-1:
              col += 1
           else:
              row += 1 # Move to next row if we reached the last col
                             # Odd rows the bot moves left to the next tile
       elif row % 2 == 1:
          if 0 < col:
             col -= 1
           else:
              row += 1 # Move to next row if we reached the last col
       tiles_checked += 1
       print('----')
   print('Cleaned!!!')
   def print_floor(floor, row, col):
   temp = floor[row][col]
   floor[row][col] = 'VC'
   for x in floor:
       print(x)
   floor[row][col] = temp
# Call the function
clean(floor)
```

## **Output:**

```
['VC', 0, 0, 0]
[0, 1, 0, 1]
[1, 0, 1, 1]
Sucked the dirt

[0, 'VC', 0, 0]
[0, 1, 0, 1]
[1, 0, 1, 1]
Already Clean

[0, 0, 'VC', 0]
[0, 1, 0, 1]
[1, 0, 1, 1]
Already Clean

[0, 0, 0, 'VC']
[0, 1, 0, 1]
[1, 0, 1, 1]
Already Clean

[0, 0, 0, 'VC']
[0, 1, 0, 1]
[1, 0, 1, 1]
Already Clean

[0, 0, 0, 0]
[0, 1, 0, VC']
[1, 0, 1, 1]
Sucked the dirt

Sucked the dirt
```

[0, 0, 0, 0]
[1, 0, 1, 1]
Sucked the dirt
...
